Objective

Senior SAP Consultant / SAP Team Leader

Supply Chain PP / PP-PI PP/DS PM QM DMS S/4 Hana

Summary of Qualifications

- Graduated in Chemistry Engineering.
- Senior SAP Consultant with extensive experience in Supply Chain processes, including Production, Production Planning, Quality Management, Industrial Maintenance, Inventory Management, and Truck Load Planning. Working with SAP since 1996, with deep expertise in the modules PP (PP-PI), PM, and APO, as well as supporting modules such as DMS, Variant Configuration, and QM.
- Strong experience in SAP S/4HANA projects since 2018, working with the modules PP, PM, and PP/DS. Participated in multiple S/4HANA implementations and upgrades, including projects in Brazil and international projects in the United States and Mexico.
- Solid knowledge of additional SAP modules including MM, QM, PS, EHS, and CO-PC.
- Certified SAP consultant in PP and PM (5 SAP certifications). Completed several S/4HANA PP training programs (2016–2017) and SAP academies in PP, APO, and MM.
- Advanced knowledge of SAP planning and logistics functionalities including SOP, MRP, LTP, CRP, ATP, production and process orders, MTS, MTO, subcontracting, and master data management. Also experienced in maintenance planning (preventive), maintenance orders (corrective and predictive), and maintenance cost management.
- Participated in full-cycle SAP implementations, rollout projects, and continuous improvement initiatives.
- Extensive experience in business process analysis, process design, and Blueprint documentation. Conducted presentations to project steering committees and produced user manuals and configuration documentation (customizing).
- Experienced with SAP ASAP implementation methodology.
- Knowledge of SAP debugging and ABAP functional specification development.
- Experience with SAP support tools and enhancements including LSMW, BAPI, BADI, and User Exits.
- SAP and business process experience across multiple industries including Food & Beverage, Chemical, Fertilizers, Mechanical Assembly, Electronics, Automotive, Pharmaceutical, Textile, Retail, Fashion, Construction, Plastics, and Consumer Goods.

- Extensive experience in training key users and consultants. Former SAP Brazil instructor for modules PP, PM, APO, PP/DS, DMS, and others, preparing professionals for S/4HANA. Delivered over 7,000 hours of SAP training.
 - Experience providing Help Desk support (Level 2 and Level 3) for the modules PP, PM, QM, MM, and CO-PC.
 - Experience in AMS (Application Management Services) for the modules PP, PM, QM, and PS.
 - Leadership experience managing teams and maintaining strong relationships with clients and business partners.
 - Experience supporting SAP services sales activities, including preparation of proposals and executive presentations.
-
