📍 Brazil ✉ ghfuoco@gmail.com 🌐 www.linkedin.com/in/gabrielfuoco1

Profile

Salesforce expert with over a decade of experience and 21 certifications spanning Architect, Developer, Consultant, and Administrator roles. Successfully led knowledge-sharing sessions, such as "Salesforce Data Cloud for Startups" in Brazil, which enhanced understanding of Salesforce capabilities in the startup ecosystem. Proficient in multiple Salesforce clouds, including Service, Sales, and Marketing, with a strong industry focus on Banking, Insurance, and E-commerce. Offers a deep understanding of Salesforce solutions that drive customer success and streamline operations.

Experience

📅 12/2024

Salesforce Technical Architect Salesforce

- Allocated as a Technical Architect on the Bradesco Bank project, specializing in Financial Services Cloud (FSC) implementation.

📅 01/2025 – 01/2025 📍 MINAS GERAIS, BRAZIL

Senior Salesforce Technical Architect ioasys

- As the Salesforce Technical Architect at Ioasys/Havaianas, I am part of a team that is responsible for the company's Salesforce architecture across 5 different squads. My key responsibilities include:
- Technical Lead: Lead the development and technical support teams for various Salesforce solutions.
- Page 1 of 7
- Service Cloud: Head the development team for Service Cloud, including Havaianas SAC, Iana chatbot, Omnichannel, and other functionalities.
- Marketing Cloud & CRM: Manage the technical team supporting Marketing Cloud, including the CRM squad, marketing journeys, and automated campaigns.
- Data Cloud: Led the implementation of Salesforce's Customer Data Platform (CDP), also known as Data Cloud, to optimize customer data management and insights.
- My role is crucial in ensuring a scalable, secure, and efficient environment, fostering innovation and operational excellence across all of Havaianas' digital initiatives.

Experience

📅 01/2024 – 01/2025 📍 SÃO PAULO, BRAZIL

Salesforce Technical Architect ioasys

- As the Salesforce Technical Lead at Havaianas, I led three squads: Havaianas Brasil, Havaianas USA, and Havaianas Core (multi-region). My responsibilities included overseeing the expansion of our e-commerce platforms, training and mentoring team members, and enforcing best practices in Salesforce development. I ensured seamless integration and performance across regions, driving innovation and enhancing functionality. My leadership facilitated the successful deployment of scalable and secure solutions, fostering collaboration and efficiency within the teams. Additionally, I played a key role in strategic planning and execution, contributing to the overall growth and success of our digital initiatives.

📅 06/2023 – 12/2023 📍 SÃO PAULO, BRAZIL

Technical Lead ioasys

- As a Salesforce B2C Commerce Developer at Havaianas, I develop, customize, and maintain robust e-commerce solutions for Havaianas.com and Havaianas.com.br using technologies like Salesforce B2C Commerce (Demandware), JavaScript, HTML5, CSS3, jQuery, RESTful APIs, and MuleSoft. I collaborate with cross-functional teams to implement new features, optimize platform performance, and ensure scalability and security. Additionally, I train and mentor the team, transforming full-stack web developers into proficient Salesforce developers. My work is supported by tools such as Git and Jenkins for continuous integration and deployment.

📅 01/2023 – 01/2025 📍 SÃO PAULO, BRAZIL

Senior Salesforce Developer ioasys

- Led Addi's Salesforce strategy across Sales, Service, Experience, and Marketing clouds, supporting hypergrowth and regional expansion in Latin America.
- Spearheaded CRM migration to Salesforce Sales Cloud, resulting in a 40% increase in pipeline conversion and improved forecasting accuracy.
- Designed and implemented the KYP fraud prevention process in Service Cloud, enhancing

Experience

partner onboarding controls and regulatory compliance.

📅 04/2022 – 12/2022

📍 BOGOTA, D.C., CAPITAL DISTRICT, COLOMBIA

Head of Salesforce Practice **Addi**

- As a Salesforce Technical Architect at unico IDtech, I played a pivotal role in implementing CRM (Sales cloud) and customizations, leading to a significant 40% increase in sales. I also took charge of the Service Cloud Sales cloud initiative, ensuring seamless operations and customer satisfaction through innovative solutions.

📅 08/2021 – 04/2022 📍 SÃO PAULO, BRAZIL

Salesforce Technical Architect **unico IDtech**

- As the Solution Architect and Tech Lead for the Sonos Developer Portal project, I spearheaded the migration of a custom website to an Experience Cloud integrated portal. Leading a squad of 8 developers, I designed the overall architecture and implemented key features such as self-registration and single sign-on (SSO).
- In addition to my role as the technical lead, I also served as the lead developer, ensuring seamless integration and delivering a robust and user-friendly developer portal.

📅 06/2020 – 11/2020 📍 SÃO PAULO, BRAZIL

Salesforce Architect **CI&T**

- I was responsible for the integration between an existing mobile app and Salesforce Sales Cloud and Consumer Goods (CG) Cloud for Coca-Cola. My role focused on the Salesforce side of the integration, utilizing Salesforce, REST APIs, and remote database integration to ensure seamless data flow and functionality. This project aimed to enhance the mobile app's capabilities by leveraging Salesforce's powerful features and ensuring robust and efficient data management.

📅 01/2019 – 05/2020

📍 WASHINGTON, UNITED STATES

Senior Salesforce Developer **Spring Global**

- As a Senior Salesforce Developer, I specialize in Salesforce DX, Sales Cloud, Service Cloud, Marketing Cloud, Health Cloud, and Community Cloud. I am responsible for the implementation of Salesforce DevOps practices, utilizing the Salesforce CLI to streamline and enhance development workflows. My expertise spans

Experience

across various Salesforce solutions, ensuring efficient deployment processes, robust system performance, and seamless integration across all platforms. I have implemented solutions for various WIPRO customers, including Porto Seguro, a national insurance company. Additionally, I was part of the foundation of the Salesforce Brazil team following WIPRO's acquisition of Appirio.

📅 01/2018 – 12/2018 📍 SÃO PAULO, BRAZIL

Senior Salesforce Developer **Wipro**

- As a Salesforce Developer, I have supported and run various Salesforce projects, including those for Mars, Inc. and Jaguar Land Rover. Mars, Inc. Project (2018): Developed and maintained Visualforce pages, Apex triggers, and Apex classes to customize and enhance Salesforce functionality. Played a crucial role in implementing robust solutions, ensuring seamless integration with existing systems, and optimizing performance. Utilized Salesforce best practices to deliver high-quality, scalable, and secure applications. Jaguar Land Rover Project: Supported the implementation and maintenance of Salesforce solutions tailored to Jaguar Land Rover's needs. Focused on enhancing Salesforce capabilities, integrating with other systems, and ensuring efficient data management and workflow automation. Contributed to the overall success of Jaguar Land Rover's Salesforce projects through effective problem-solving and technical expertise.

📅 09/2017 – 03/2018 📍 SÃO PAULO, BRAZIL

Salesforce Developer **Tata Consultancy Services**

- As a Salesforce Developer at Infosys, I worked on the Syngenta project where I: Developed Apex classes, triggers, and Visualforce pages. Integrated Salesforce with third-party applications and internal systems. Designed custom Lightning components. Automated workflows and approval processes. Managed data migration and validation. My efforts improved Syngenta's Salesforce platform, enhancing efficiency and user experience.

📅 09/2016 – 09/2017 📍 SÃO PAULO, BRAZIL

Salesforce Developer **Infosys**

- As a Salesforce Specialist, I supported and ran Salesforce projects across the LATAM region for Roche's pharmaceutical business unit. My responsibilities included: Overseeing Salesforce implementations and customizations. Ensuring

Experience

seamless integration with existing systems. Enhancing user experience and workflow efficiency. Providing ongoing support and training for Salesforce users. My work contributed to optimizing Roche's Salesforce platform, driving efficiency and user satisfaction.

📅 04/2016 – 08/2016 📍 SÃO PAULO, BRAZIL

Salesforce Developer Roche

- Focused on front-end development for Salesforce Communities. Created and enhanced Visualforce pages, using AngularJS, jQuery, and Bootstrap. Implemented various Salesforce-related developments to improve user experience and functionality.

📅 10/2015 – 03/2016 📍 SÃO PAULO, BRAZIL

Salesforce Developer II Stefanini Brasil

- Developed and customized Salesforce solutions for Dell Financial Services. Worked extensively with APEX for backend development. Integrated Salesforce with Java-based SOA systems.

📅 08/2014 – 08/2015 📍 SÃO PAULO, BRAZIL

Salesforce Developer Dell

- Responsible for overseeing Salesforce project governance, managing new deployments, and planning strategies. Worked on project implementations, improved user acceptance, and migrated legacy systems to Salesforce (Force.com). Managed org administration and set best practices for using Salesforce.com.

📅 03/2013 – 05/2014 📍 SÃO PAULO, BRAZIL

Salesforce Consultant SulAmérica

- Handled general administration and development for Salesforce.com CRM, including: Custom Applications: Developed new custom applications and configurations. Integrations: Managed integrations with SAP and other ERP systems. User Support: Provided support for end users and training for new users and admins. Business Solutions: Continuously assessed business needs, resolved issues, and developed comprehensive solutions on the Salesforce platform.
